CATEGORIES OF STUDENT MEMBERSHIP

There are two types of student membership

**Base-level**

Base-level student membership applies to anyone participating in an Educators Rising program or club. Base-level members have access to the standard-level resources offered by Educators Rising, including:

- Monthly guided discussion questions, designed to help students discuss and reflect on the most pressing topics facing educators today.
- The Educators Rising Standards — designed to grow student skills and abilities to make a lasting, positive impact.
- Educators Rising Virtual Campus — such as Videos of National Board Certified Teachers and original content - like articles and videos - to help you develop your teaching craft and prepare for college.

There is no cost to become a Base-level member.

**Active-level**

Active-level student membership applies to those students who wish to take on a more active role in their Educators Rising experience. As Active-level members students are able to:

- Applying to become Educators Rising National Student Officers and Ambassadors.
- Apply for scholarships to help further their teaching studies.
- Attend the Educators Rising National Conference.
- Compete for national recognition at the Educators Rising National Conference.
